Do you have a Project or Brilliant Business Idea?

We offer you an equally brilliant financing solution via our ***PROJECT FINANCE*** Offerings.

Our activities in this area include the provision of funding to already established businesses with profitable track records and new businesses with reputable owners for the financing of viable projects in virtually all areas of the economy including Technology, Imports and Exports, Agriculture, Manufacturing, Trade, etc.

Our financing instruments include but not limited to the following:

- Local Purchase Order (LPO)
- Bridge Financing
- Finance Leases

We have proven expertise to advice and secure appropriate funds for our clients on the best possible terms. With long-standing experience in the Capital Market and deep understanding of our clients, we can also match them with the most suitable investors.

Our Project Finance team work with our Corporate Finance team to raise long-term equity and debt capital for those businesses that need them, depending on the unique needs of the businesses or projects.
